# CAT® REMAN PARTS

## LIKE-NEW EFFICIENCY AND POWER AT LOWER COSTS.

### Cat® Reman: The smart way to save on repairs!

When you buy Cat equipment, you buy a lifetime of value. Cat Reman parts and components provide same-as-new performance and reliability at fraction-of-new costs - while reducing the impact on the environment. And over the counter availability gives you more options at repair and overhaul time. The results are maximum productivity and lower costs.

- » Like-new quality
- » Like-new performance
- » Same as-new warranty
- » Unmatched support

For a limited time, benefit from **10% off** on Cat Reman turbochargers, water pumps and oil coolers. For ordering and more information, speak to our Parts Specialists on **08 8139 4300**.

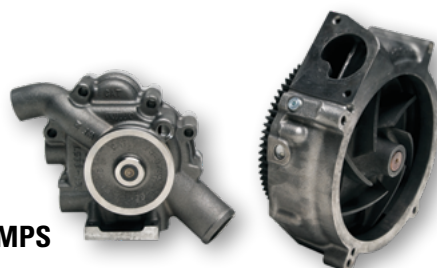

#### CAT® REMAN TURBOCHARGERS

Cat Reman turbochargers receive the same validation, testing and warranty as new Cat turbos at a fraction of the price.

Part #	Price	Core	Models Suitable
0R-7923	\$4,240.38	\$2,581.90	C15 OHT
10R-2407	\$4,143.21	\$2,166.33	C15 OHT

# CAT® ADVANSYS™ TIPS AND ADAPTERS

## ADVANCED SAFETY, EFFICIENCY AND PRODUCTIVITY.

### Now save **23%\*** off when you buy 20 Cat Advansys Tips or 20 Adapters

Built for Cat 311-390 Hydraulic Excavators and Cat 924-994 Wheel Loaders, Cat Advansys™ tips are also perfect for any non-Cat machine. They offer performance and reliability in all high-production applications, with hammerless installation.

#### Quick and easy removal and installation

- No special tools needed for the retainer lock
- A simple half-turn locks and unlocks the CapSure™ retention
- No loose parts
- Can help reduce downtime and improve jobsite safety

#### Better tip penetration and longer tip and adapter life

- Improved tip shapes shadow the adapter straps and welds for longer adapter life
- Exclusive tip and adapter features ensure less drag and greater productivity
- Stronger adapter noses result in a stress reduction of up to 50%<sup>^</sup>
- No retention hole means 50%<sup>^</sup> higher stress points and greater durability

#### Built for heavy machine applications

- Specifically for demanding high production applications
- Easier penetration into the pile
- Faster cycle times

# MAINTENANCE SUPPORT PROGRAM

## HASSLE-FREE MAINTENANCE AND OWNERSHIP WITH FIXED PRICE PARTS AND SERVICING

Cavpower Maintenance Support Program (MSP) helps keep your Cat® equipment in the best possible shape and easy to own by offering the right level of support tailored for your business. Know your costs with fixed maintenance and parts pricing, enjoy expert dealer support with Cavpower's Cat® Certified Technicians and get data-driven insights into the health and performance of your equipment at your fingertips.

Every Maintenance Support Program can be customised and tailored to the specific needs of your business, whether you own an individual machine or an entire fleet. Our specialist team of Product Support Representatives work with you to understand specific demands of your business and curate a program that works for you.

Sign up for a Cavpower Maintenance Support Program today to reduce your costs and increase uptime:

- Fixed price travel
- Fixed parts pricing for PM parts
- Oil sample analysis
- Condition Monitoring
- More exclusive benefits

Talk to one of our Product Support Specialists today to tailor a MSP for you. Call 08 8343 1600 or visit [www.cavpower.com](http://www.cavpower.com)

## VISIONLINK®

### THE POWER OF KNOWING MORE

HELP INCREASE UPTIME

HELP REDUCE FUEL BURN

TRACK ANY ASSET

## CUTTING-EDGE FLEET MANAGEMENT SOLUTION

VisionLink® is a cloud-based software application that takes the guesswork out of fleet management with key insights to maximise performance - regardless of fleet size or equipment manufacturer. Receive equipment data seamlessly to your desktop or mobile device, all from a convenient centralised solution to make informed decisions at every turn.

VisionLink offers an array of benefits, which include but are not limited to:

- Intuitive interface
- Unified mixed fleet management
- Real-time insights
- Task management
- Accessibility with VisionLink mobile app

LEARN MORE

There are four VisionLink subscription levels: **Connect, Connect Pro, Performance and Performance Pro**

Every new equipment purchase comes with the free **Connect** plan which is the most basic option, providing core telematics on fuel use and maintenance, helping businesses control costs.

To subscribe or find out more about VisionLink subscriptions, contact us today on 08 8343 1600 or visit [www.cavpower.com](http://www.cavpower.com)

# BUY ONLINE. OPERATE ANYWHERE.

Find the right fit on [parts.cat.com](https://parts.cat.com) and the **Cat® Central** app

## NEVER GET STUCK WITH THE WRONG FIT AGAIN.

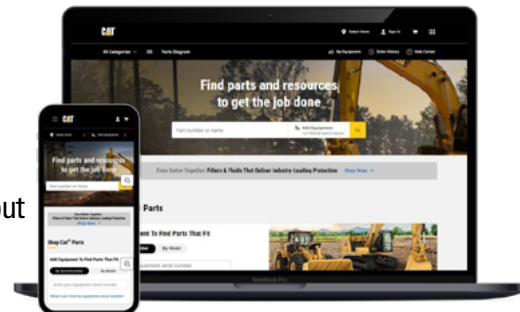

When it comes to buying parts for your machine, [parts.cat.com](https://parts.cat.com) makes sure you get the right fit every time. With an extensive inventory of genuine Cat® parts, accessories, and powerful search tools right at your fingertips, [parts.cat.com](https://parts.cat.com) only shows you the exact parts built for your machine. Just look for the green checkmark!

Register on [parts.cat.com/cavpower](https://parts.cat.com/cavpower) to maximise your shopping experience by gaining access to personalised settings and seamless transactions.

## HOW DOES IT WORK?

Ordering genuine Cat® parts online is fast and easy. Get started by adding your equipment and easily find the right parts with a precise fit through My Equipment.

Even personalise what you want to see when you shop, ensuring the fastest checkout possible. Then, instantly get Cavpower's pricing and availability for real-time status. It's that simple!

- Instantly access parts that fit when you shop with your Cat equipment information
- Enjoy real-time local pricing & availability
- Fast and easy checkout. Get parts shipped to you or pick them up in-store
- View order history & track orders
- 24 x 7 availability
- Exclusive online offers
- Use your [parts.cat.com/cavpower](https://parts.cat.com/cavpower) account details to seamlessly use the Cat Central app

## FLUID ANALYSIS, CONDITION MONITORING AND MORE VALUE-ADDED SERVICES

The S•O•S Services program is a mutual commitment to protect the performance and value built into your Cat equipment. The S•O•S Services program offers you valuable resources for better equipment management. Working together with Cavpower, you can take the simple process of fluid sampling and combine it with state-of-the-art analysis and clear, easy-to-understand reporting to not only optimise machine performance, but also improve cost control.

Our S•O•S laboratory located at our Head Office at Gepps Cross provides a range of fluid analysis services including **coolant, fuel, oil, filter debris analysis** and more. The S•O•S service is available for any brand of equipment or machinery, and we support sampling requirements for industries such as mining, construction, power generation, automotive, aviation, transport/rail, industrial and marine.

### WHAT IS CONDITION MONITORING?

Condition Monitoring (CM) is a maintenance process where the condition of your equipment is regularly monitored for early signs of impending failure by our expert team of Condition Monitoring Specialists. Fluid Analysis is one of several ways our Condition Monitoring team monitors health of machines on a Cavpower Maintenance Support Program.

Sign up for a Cavpower Maintenance Support Program today and let our expert CM team help keep your equipment in top-notch condition.

Scan the QR code to find out more about our SOS services and order SOS kits online.

## HYDRAULIC HOSE SOLUTIONS

### ANY MAKE. ANY MODEL. ANYWHERE.

Cavpower offers major hose manufacturing services at Gepps Cross Parts Centre and across all regional branches to guarantee immediate access to preventative maintenance parts and critical spares.

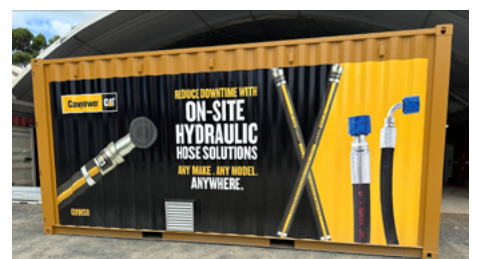

Cat® Hose Assemblies are available in a broad line of high, medium and low-pressures and are engineered and tested far beyond industry standards for top performance and long life backed with a 12 months warranty.

Our team can manufacture and repair hoses that fit any machine, regardless of make or model. So if you've got a mixed fleet, you can rest easy knowing our team can service the hoses on every piece of equipment in your fleet.

Cavpower is an industry leader in manufacturing and repairing hoses and couplings in-house. These standards are backed by highest levels of cleanliness and contamination control throughout the manufacturing or repair process to ensure our hoses provide top performance and last longer.

In addition, we also offer on-site hydraulic hose solutions for major mine sites, construction projects and remote customer operations.

**For assistance with hose solutions or to place an order, call 08 8139 4300 to speak to one of our Parts Specialists.**
