SELECTED, INSPECTED & SERVICED TO A HIGHER STANDARD.

UP TO **140** POINTS INSPECTED

Every machine must pass a comprehensive 140-point inspection. If that reveals any issues, highly-trained technicians service it using only genuine Cat parts.

They also complete all the most recent maintenance, so you don't need to worry about changing oil or filters until the next interval.

LATE-MODEL EQUIPMENT

Every Cat Certified Used machine is a late-model product that delivers like-new quality and reliability, as well as many of the same technology and operator comfort features as today's models.

SERVICE HISTORY

Many machines come right from our rental fleets, so you'll know exactly how your machine was maintained, and a documented service history is available, so you can make an informed decision BEFORE you buy. Having the complete service record in hand can help you obtain a higher resale value when you're ready to sell, too.

MORE THAN **70** COMPONENTS PROTECTED

A Caterpillar Equipment Protection Plan (EPP) that covers more than 70 powertrain and hydraulics components comes standard — extending your protection beyond the original factory warranty and helping you limit unexpected repair bills.
